

About Requesting "C" Schools	<p>The information in this "C" school section is provided to streamline the process of gathering information about "C" schools available to Health Services Technicians (HS). The convenings listed are those managed by the Office of Health Services. Section C of COMDTNOTE 1540 (FY01 Class Convening Schedule For Coast Guard Class "A" And "C" Resident And Exportable Training Courses) provides brief course descriptions for each of the courses listed above. Access COMDTNOTE 1540 at. http://www.uscg.mil/hq/tqc/1540TableofContents.htm</p>
Other Helpful (but) not relevant)	<p>Other training opportunities exist. Examples are "long "C" schools" such as Advanced Laboratory Technician, Preventive Medicine Technician, and Advanced Radiographer. These are managed by the Coast Guard Personnel Command; Central Assignment Control (CGPC (epm-2)). More information can be requested by contacting CWO Diebag, the HS Assignment Officer.</p>
How To:	<p>"C" schools listed in the table (below) can be requested by submitting a completed and properly endorsed Short Term Training Request (CG 5223) to:</p> <p>Commandant (G-WKH-1) U. S. Coast Guard 2100 Second Street S.W. Washington, DC 20593-0001</p> <p>Requests can be "faxed" to (202) 267 4685</p> <p>When completing STTR's include the member's Coast Guard Employee ID number as well as social security number. Both are needed since the DOD schools that we will be using require SSNs.</p>
Selection Process and Info.	<p>All selections for attendance of a "C" school will be based on the need of the command to which the requesting member is attached. Commands and their representatives are encouraged to anticipate PCS transfer of Petty Officers that provide ancillary services for a clinic and request training at a convening that provides "just in time" training of a replacement.</p> <p>Selection of attendees for a class convening is routinely made 8 weeks in advance of the class convening date. The headquarters program manager makes selections. The Training Quota Command (TQC) will provide TONOs, accounting information and information specific to each class convening within 30 days of the class convening date. Information will be provided to the requesting unit's Airporter Panel.</p>

For those of you that are requesting any of the Long "C" schools, please contact CWO Crisp.

Air Force Pharmacy Apprentice, Phase 1			
Location – Sheppard AFB, TX			
Course ID – J3AQR4P031-002			
Class ID	Start Date	Grad Date	Quotas Available
